

Superior product line

StreetSiren S DoubleDeck Jeweller

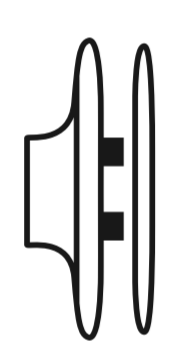

Wireless outdoor siren with a clip lock for a branded faceplate.

What's new

Baseline StreetSiren DoubleDeck Jeweller	Superior StreetSiren S DoubleDeck Jeweller
Jamming is detected only by the hub	Jamming is detected by both the hub and the siren
Common battery	Enhanced battery
Available for all PROs	Available only for accredited partners

This is the device of the **Superior product line**. Superior products are advanced versions of Jeweller devices. This product line is developed for projects. Only accredited Ajax Systems partners can sell, install, and administer Superior products.

Additional promotion of security services

The main feature of **StreetSiren S DoubleDeck** is the Brandplate faceplate (sold separately). A security service provider can print their logo and contact information on the front panel of the siren.

The siren becomes an additional marketing channel to reach new customers like neighbours and visitors.

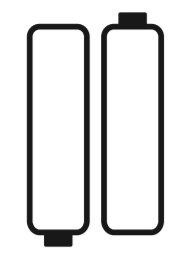

Jeweller communication technology

- Radio communication at a distance of up to 1,500 m in an open space
- Encryption and device authentication to prevent spoofing
- Regular polling to display current statuses of the devices

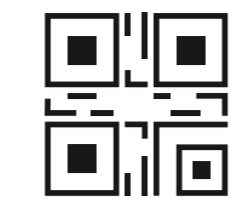

Event notifications

- Alarms of the system's devices
- Security status: armed/disarmed
- Door opening (Chime function)
- After-alarm indication

Flawless autonomy

- Up to 5 years of battery life
- Low battery notifications
- Panasonic pre-installed battery

Quick installation and setup

- Pairing with a hub via QR code
- Remote control and configuration in the app
- Effortless installation and replacement
